The Navy List is compiled and published by order of the Lords Commissioners of the Admiralty for the convenience of the Service, but as errors may occasionally occur their Lordships must expressly reserve their right to determine the status of any Officer according to the actual circumstances of the case, independently of any entry in the Navy List.

By Command of Their Lordships,

J. G. LANG.

NOTES

Officers and others who may notice errors or omissions in the List are invited to communicate direct with

THE SECRETARY OF THE ADMIRALTY,

(Editor of the Navy List) London, S.W.1,

mentioning the ship or page in question. Communications should be marked "On Her Majesty's Service," and need not be stamped.

The Navy List is published twice annually in January and July, but the Reserves Section and Obituary will be included only in the January editions. (Vide A.F.O. 1938/57.)

The seniority lists of Officers on the Retired and Emergency Lists are published annually in a special sale edition of the Navy List.

The rates of pay, regulations, &c., are contained in a separate sale publication entitled "Appendix to the Navy List," which is published annually in June.

Appointments dated after the 18th day of the month of publication cannot be inserted until the following issue of the Navy List.

Officers who succeed to peerages, baronetcies, or courtesy titles should immediately notify the Secretary of the Admiralty, in order that the necessary alterations may be made in the Navy List and in the official records of the Admiralty.

The degrees shown after Officers' names in the Navy List are not necessarily a complete list of those held, but, generally speaking, are confined to degrees of an honorary nature conferred specially upon an Officer, and those which are so related to the professional duties of an Officer as to give some indication of his professional qualifications.
